

4 races for the price of 3!

Aspire are continually trying to think of ways to save our lovely runners some money and that is why we are introducing the new enter 3 races and get a further race free! (This offer can be used multiple times)

All that you have to do is as follows... Enter the first 3 events (on the same day) via our online entries provider Fabian 4 (Races can be viewed and booked by clicking races on our website page). Whilst entering the 3rd race, during the booking process, inside the special request box just advise us which race you want to run for free and we will immediately add you to that start list our end and send you written confirmation when this has been done.

The free race should be on a like for like basis, so if your 3 races are for the shorter distances (4k, 5k, 6k or 7.5k) then your free race should be for one of those distances. Likewise, if your you chose 3 longer distance races (10k, 11k, 12k or 15k) you can choose any longer distance race to run for free.
